

## Student Portal Password

Your password is required each time you use MyUCSC. Your password is assigned to you when you first receive your login information from the Office of Admissions.

We strongly suggest that you change your password and set up a password hint the first time you access MyUCSC. You may select a minimum of 8 characters (at least one character must be a digit) as your new password. You may also change your password or password hint any time thereafter.

It is extremely important that your password remain confidential. Do not give it to anyone. If you believe the privacy of your password has been compromised, change it immediately. If you forget your password, e-mail [help@ucsc.edu](mailto:help@ucsc.edu) to reset your password.
